BENEFITS

- **Guaranteed high safety levels:**
 - Designed in accordance to the standard EN 1065. Certification marking is incorporated in the handle (*).
 - Simple and quick adjustment of the collar nut.
 - Inner tube, clevis pin and collar nut with unintentional disengagement system.
- **Cost-effective** due to an optimized design.

FAST DELIVERY

EP post shores ready for shipping

- **Ideal for repropping.**
- System for **fast post shore stripping** included in the clevis pin.
- Collar nut with projection for simplified adjustment of the post shore.
- **High durability for multiple reuse**, thanks to the hot-dip galvanization that provides excellent protection against corrosion.
- Simple and quick maintenance. The collar nut has a thread designed to remove dirt and concrete remains.
- Compatible with various ULMA shoring systems: ENKOFLEX, CC-4, VR TABLES, FORMADECK ...

EP post shore with VR TABLES and ENKOFLEX

EP post shore with CC-4
